

Non Random 2

Bertjan Pot, 2015

Description

Non Random 2 medium pendant by [Bertjan Pot](#) for [Moooi](#).

As part of the Random family, the Non Random 2 medium pendant is a hanging light constructed from a fine web of fibreglass threads. Taking the shape of an elongated bubble, the round fibreglass pendant is as much a sculpture as it is a suspension light, bringing softness and some magic to any interior.

The cap, cable, and canopy are available in black or white. The fibreglass globe is always white, only Just Black comes with a black globe.

Made of plastic and polyester.
