

FollowMe Plus lamp

Inma Bermudez, 2014

Description

FollowMe Plus lamp by [Inma Bermudez](#) for [Marset](#).

Following its predecessor the [FollowMe lamp](#), the FollowMe plus lamp is consistent in producing a warm and inviting light with greater power.

Portable and rechargeable, FollowMe plus is a lamp that can be taken wherever you go. Because of its warm, and self-contained character, it is ideal both indoors and outdoors. It also works in restaurants and terraces that have no access to electrical outlets, or to replace candlelight.

The oak handle beckons you to pick it up. Compact and small, it almost looks like a personal accessory. With a swinging lampshade made of white polycarbonate, it boasts a fresh, luminous look.

The battery is built-in, and it has a USB port for recharging.
