

OW124 Beak chair

Ole Wanscher, 1951

Description

OW124 Beak chair by [Ole Wanscher](#) for [Carl Hansen & Son](#).

Designed in 1951, the OW124 chair is a refined and sculptural armchair. The upholstered lounge chair features impressive craftsmanship with a comfortable seat and back supported on a sleekly formed solid wood frame.

Named the Beak Chair, the chair's distinctive look comes from its beak-like armrests and seamlessly designed cover caps on the sides of the armrests visible - giving the appearance of a bird's eye.

Made of solid wood, the frame is available in oak with a soaped, clear lacquered, oiled, white oiled finish, or black lacquered finish. Also available in walnut with a lacquered or oiled finish.

Cover cap in armrest comes in the contrast wood (oak or walnut).

Seat and back are made of flame-retardant cold foam CMHR.

The OW124 chair may be upholstered in a variety of fabrics or leathers selected by Carl Hansen & Son. See the downloadable specification sheet for details of the relevant [Kvadrat](#) and [Gabriel](#) fabric collections.

Samples of the full range of upholstery fabrics are available to view at our shop and showroom.

Dimensions:
65w x 73d x 40/79cmh
