

Louvre light

Klauser and Carpenter, 2008

Description

Louvre light by [Klauser & Carpenter](#) for [Established & Sons](#).

References to window blinds, Scandinavian lighting and the rear windows of 1980's 'muscle' cars are all apparent in this family of suspension lights designed by Andre Klauser and Ed Carpenter. Seamless pressed aluminium louvres with compound curved corners are repeated layer upon layer. This creates a multifaceted shade that provides glare-free, directional and ambient light.

Anodised aluminium available in the colours black and bronze. Powder-coated steel fixing.

Bulb
2 x T5 linear fluorescent 39W

Dimensions
95w x 21d x 21.5cmh
