

# Cirio Multiple

Antoni Arola, 2010

## Description

**Cirio Multiple pendant lamp** by [Antoni Arola](#) for [Santa & Cole](#).

The Cirio Multiple enables a number of individual Cirio shades to be freely placed wherever they are needed. Six to twelve Cirio shades can be used with one ceiling plate, and can cover large halls, stairways or simply create atmosphere within an open space.

The Cirio Multiple has simple shades in three different finishes that all offer a different feel - porcelain shade that creates a candle-like warmth, translucent opal glass and the opaque elegance of brass. The shades are suspended from a circular ceiling rosette containing the power supply, the ceiling rose is available in black or white, surface mounted or built-in (white only) and for either the dimming systems 1-10V or DALI.

**Please note** - pricing example is for a **Cirio Multiple with 6 shades, each with 3m cable**. Please enquire for Cirio Multiple with more shades (up to 12 is possible) or for 8m cable. The Cirio range also offers a range of other models, please see 'More products in the range' below or enquire for details.

Lightsource (included):  
built-in LED 3.7W

3m black cable (8m cable also available against a surcharge, please enquire)

Dimensions:  
white opal glass shade: 11dia x 21cmh  
white porcelain shade: 10dia x 21cmh
