

Cirio Chandelier

Antoni Arola, 2010

Description

Cirio Chandelier by [Antoni Arola](#) for [Santa & Cole](#).

The Cirio Chandelier consists of a group of concentric rings where a large number of Cirio light sources may be suspended from. The Cirio Chandelier gives off a warm light with a strong visual impact.

The Cirio Chandelier is available in the models Small (20 shades) Medium (30 shades) and Large (40 shades). The individual shades are available in three different finishes that all offer a different feel - porcelain shade that creates a candle-like warmth, translucent opal glass and the opaque elegance of brass. The shades are suspended from a circular, black metal structure.

The Cirio range includes a range of other models and configurations, please see 'More products in the range' below or enquire for details.

Light source (included):
built-in LED 3.7W (per individual light source)

Suitable for dimming systems 1-10V / DALI
