

Urban backpack

Description

Urban backpack by [Wexley](#).

The Urban backpack is carefully designed to combine a minimalist aesthetic with secure features, including multiple useful compartments for quick access.

The rucksack configuration includes hidden side pockets, dedicated compartments for laptop (15.6") and tablet, side compartments for bottle or umbrella and external USB port with built in charging cable.

An additional safety feature is the RFID blocking pocket, which prevents your credit card details from being cloned and used for fraudulent activity, making it the ideal bag for your daily commute or travelling.

The bag is made from weatherproof materials, with soft-touch lining and adjustable, padded shoulder straps with ventilated material.

With convenient top handle and removable chest strap.

Available in navy or black.
