

Greenhouse Mini

Atelier 2+, 2018

Description

Greenhouse Mini by [Atelier 2+](#) for [Design House Stockholm](#).

The Bangkok-based Design duo, Atelier 2+ have created a tabletop version of their Greenhouse, It's small enough for indoor use but large enough to house a miniature garden.

Worapong Manupipatpong and Ada Chirakranont originally created the Greenhouse for the magazine Wallpaper's annual Handmade Exhibition, interpreting the concept of 'handmade' as a term to reflect the way the item is cherished as well as the way it was manufactured.

The Greenhouse Mini is made from lacquered solid ash timber with panes of toughened glass and a planting tray made of galvanized metal. The frame is available in ash or dark grey.

Please note this is for indoor use only.
