Gold-Gold

Description

In The Sun pendant by [Gaëlle Lauriot-Prévost & Dominique Perrault](#) for [DCW éditions](#).

Inspired by the warm light of our star, In The Sun radiates hues of gold and silver to become a highly atmospheric pendant light.

A choice of mesh allows control over the quality of the light. The gold or silver mesh surrounds the LED light source. Silver emits the coolest light, whilst gold emits the warmest.

The polished top plate reflects light downwards, and is available in gold or silver in three different sizes for further customisation.

Dimensions

Small: 19dia x 19.3cmh
Medium: 27dia x 19.3cmh
Large: 38dia x 19.3cmh
