

Canteen utility stool

Klauser and Carpenter,

Description

Canteen utility high stool by [Klauser and Carpenter](#) for [Very Good and Proper](#).

The Canteen utility high stool is a commercially feasible stool with design integrity suitable for residential or commercial applications.

The design is inspired by the ubiquitous post war school chair, with a steel frame married to a plywood seat and back. The resulting stool is highly functional, lightweight and stackable to four-high.

Seat and backrest available in the following woods: light oak, beech, or walnut.

Powder coated steel frame available in the following colours: grey white, light blue, sulphur yellow, signal red, black red, orange, light pink, dark bronze, burnt sienna, khaki green, lacquered mild steel, graphite, metallic silver, metallic brass, beige red, ultramarine or coral red. See images for colour examples.

Please note the minimum order quantity of 2 stools.

Dimensions:
49w x 49.5d x 77.5/105cmh
