

Salt Penguin

J.I. Christoffersen, 2006

Description

The Salt Penguin by [J.I. Christoffersen](#) for [Spring Copenhagen](#).

The patented Penguin salt mill was designed by J.I. Christoffersen and beautifully crafted in maple wood and walnut.

A trained engineer and carpenter, Christoffersen's insight into the properties of wood can be seen in the clean lines and satisfying form of the Salt Penguin.

The piece features the renowned Hulstrøm Salt Grinder mechanism and was designed with the desire to create a counterpart for the iconic [Pepper Bird](#), with the same ideology, handsomely fusing function with playful design.

Together, the duo make a perfect wedding or housewarming gift.
