

# KN02 High Back Chair

Piero Lissoni, 2018

## Description

### KN02 Swivel and Reclining High Back Chair by [Piero Lissoni](#) for [Knoll](#).

The KN02 swivel lounge chair is part of the KN collection, a family of chairs designed to combine a refined elegance with supreme comfort, achieved through a self-adjusting reclining system. The more compact of the two chairs, its proportions are increased through the offering of a headrest.

It features a hidden mechanism built into the armrest which enables the chair to recline. The flexibility and freedom of this movement enables maximum comfort, particularly when sitting for prolonged periods of time. The back can be locked in any position and the mechanism can easily be returned to its upright stance with a gentle motion.

The swivel base is available in either polished aluminium or powder-coated charcoal. Please see pdf in 'Product downloads' for fabrics and visit the [Spinneybeck website](#) for leather grades and colours available. Material samples available at our shop and showroom.

The range can be completed with an optional ottoman.

Lissoni said of the new collection:

*"This is a seating collection, a family of chairs with a modernist spirit, for which I have applied my usual proportions. In this project I have set out to reflect the entire history of Knoll"*

#### Dimensions

Chair: 95w x 80d x 38/100cmh

Ottoman: 70w x 57d x 40cmh

#### Product code

KNI-KN02\*

#### Delivery

Made-to-order: 6-8 weeks

#### Price

£852.00
