Front, 2012

Description

Collage chair by [Front](#) for [Gemla](#)

The Swedish design group, Front, took inspiration from Gemla's archive to create the Collage chair, combining traditional techniques and classic forms with a contemporary vision.

The curve of the bent-wood seat is accentuated by the woven lattice backing detail, hand-sewn in vegetable tanned leather. Built to last, the solid oak chair offers maximum comfort and durability.

Available in white oil with a nature leather seat, brown oil with a brown leather seat or black oil with a black leather seat.
